

Introduced by Senators Battin and DenhamFebruary 20, 2004

An act to add Section 11011.23 to the Government Code, relating to state property.

LEGISLATIVE COUNSEL'S DIGEST

SB 1758, as introduced, Battin. State personal property: inventory.

Existing law requires the Department of General Services to maintain and update annually a complete and accurate statewide inventory of all real property held by the state and to categorize that inventory by agency and geographical location. This inventory is required to include specified information furnished by state agencies and the University of California.

This bill, in addition, would require state agencies to report all personal property in its possession or control to the Department of General Services, as prescribed by the department, by March 1, 2005, and to report any subsequent purchase of personal property in the amount of \$5,000 or more to the department. The bill also would require the department to maintain and update an inventory of this personal property in a central database.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 11011.23 is added to the Government
- 2 Code, to read:
